

FICHE TECHNIQUE

Référence : FEB14B

Désignation : Film étirable cast noir opaque 450 mm Rajastretch 23 microns

Description

opaque higher alpha olefine based polyethylene film specifically designed to offer added security and to meet the demands of a standard hand film

Technical Specification Data

*****Black*****

Film Properties	Unit	Test Method		Value For Standard Film Thickness		
				17 µm	20 µm	23 µm
Dart Impact	g	BS EN ISO 7765-1		40	50	60
Tensile Yield ²	N/mm ²	BS EN ISO 527-3	MD	9	9	9
			TD	8	8	8
Ultimate Yield ²	N/mm ²	BS EN ISO 527-3	MD	30	29	30
			TD	18	19	18
Ultimate Elongation	%	BS EN ISO 527-3	MD	380	365	375
			TD	660	650	635
Pre-stretch	%	Total		N/A	N/A	N/A

Typical properties, not to be construed as specification limits
² Crosshead speed 500 mm/min
