

Technical Data Sheet

Nicols – Laboratory

22/01/2013

WC Block

Deodorising, Cleaning, Anti-lime scale, 2 in 1
Ocean

Product code: 505264

Composition :

Perfume/Odor absorber
Anionic surfactants Anti-lime scale
Dye
Salt

Physic-chemical characteristics :

Parameters	specifications
Aspect	Blue block

Storage and handling :

Keep in its original packaging.

Labelling :

 Irritant	<ul style="list-style-type: none">• Irritating to skin.• Risk of serious damage to eyes.• Keep out of the reach of children.• Avoid contact with skin and eyes.• In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.• After contact with skin, wash immediately with plenty of soap and water.• If swallowed, seek medical advice immediately and show this container or label.
	Composition <ul style="list-style-type: none">• Anionic surfactants: 15 % or over but less than 30 %• Perfume

Usage instructions :

Hang the cage under the rim where the water flow is the strongest.
